

Alegra 300

For Dental Service Organizations

Hightspeed and Lowspeed Handpieces

How EASY is this?

You gain illumination without upgrading, and there's no reason for a service call. Just attach and you are ready to go. Our whole new approach to LED+ technology works on any delivery system.

Simple. Adaptable. Affordable.

Get all of the comfort, low noise, and illumination you've come to expect with premium offerings, at a price you will appreciate.

- Unique self-generated LED+ lighting.
- Fits any type of air handpiece tubing including non-lighted, without any changes to your delivery system.
- 3 spray ports provide efficient cooling and a clear view.
- Lightweight design and swivel reduces hand and wrist fatigue.

Finish. Polish. Finesse.

Handpieces to help you perfect those critical finishing steps.

- Short, slim, and lightweight handpiece design with our best swivel reduces hand and wrist fatigue.
- Precision ball-bearings provide exceptional tactile feedback with smooth and quiet operation.
- Pedo head designed for improved access and visibility.
- Unibody design simplifies handpiece cleaning, maintenance and sterilization.
