Dental Booster Seat

by A-dec®

Designed exclusively to fit A-dec dental chairs, the A-dec Dental Booster Seat nestles securely in place when the chair reclines, to keep smaller patients ideally positioned during treatment. No more scooting, slipping or sliding! Soft and supportive, the premium-weight foam design keeps even young children feeling comfortable, safe and secure.

Key Features:

- Dense, premium-weight foam for comfort and long life
- Durable, easy to clean upholstery
- Lightweight design for portability
- Compact and easy to store
- Ideal for pediatric and family dental practices
- Measures 16” L x 15” W x 7” H
- Compatible with all current A-dec chairs
- Comes in two standard colors (with special-order colors available to match your A-dec chair’s upholstery)

MADE FOR YOUR PRACTICE

A-dec offers a range of specialized products for pediatric and orthodontic practices.
