Offer good while supplies last

With winter just around the corner, now is the time to think about the air you breathe. JADE's six stages of filtration technology delivers clean air, pure and simple. So you and your patients can breathe a bit easier.

- Remove up to 99.998% of viruses, toxins, pollutants and airborne pathogens
- Re-energize air using ionic technology
- Minimize facility odors with an activated carbon filter
- Monitor and display air quality and particulate levels in real time
- Prevent potential cross-contamination with touchless controls

*** Terms and conditions:** Offer is effective from September 1, 2022 through October 31, 2022. Free item must be of equal or lesser value to the lowest-priced item purchased. Promotional pricing is granted only for orders A-dec receives during the promotion period. Promotion is available only on purchases directly from A-dec or an authorized dealer with delivery in U.S. and Canada. Promotions are effective for defined items only; substitutions will not be permitted. Offer may not be combined with any other offers. Returns: credit will be issued on unopened packages, minus a 20% restocking fee. Promotional items are subject to product availability. A-dec reserves the right to change or cancel this offer at any time. This offer is void where prohibited, restricted, or taxed. Dealers only: No charge item will be shipped with purchased item from A-dec. Potential savings are reflected in USD.
